**COMPENSATING TAX LIABILITY AND RATE**

Upon removal of designation as forest land a compensating tax shall be imposed which shall be due and payable to the County Treasurer thirty days after the owner is notified of the amount of the compensating tax.

The amount of compensating tax payment shall be equal to the difference between the amount of tax last levied on such land as designated forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate that was last levied against such land, multiplied by a number of years equal to the number of years that the land was designated as forest land, but in no event greater than ten years.

Removal of designated forest land by the assessor can occur for any of the following reasons: (a) Receipt of notice from the owner to remove such designations; (b) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance; (c) Sale or transfer to an ownership making such land exempt from ad valorem taxation; (d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that (i) such land is no longer primarily devoted to and used for growing and harvesting timber, (ii) such owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 7b RCW or any applicable regulations thereunder, or (iii) restocking has not occurred to the extent or within the time specified in the application for designation of such land. Removal of designation upon occurrence of any of subsections (a) through (c) above shall apply only to the land affected, and upon occurrence of subsection (d) shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approved for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

If the determination by the assessor is that the land shall no longer be designated as forest land, the assessor, within thirty days after the land has been removed from designation of forest land, shall notify the owner in writing setting forth the reason for such removal. The seller, transferor, or owner may appeal such removal to the County Board of Equalization.

The compensating tax shall not be imposed if the removal of designation resulted solely from: (a) Transfer to a government entity in exchange for other forest land located within the State; (b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power; (c) Sale or transfer of land within two years after the death of the owner of at least fifty percent interest in such land.
