RE: Six Year Development Moratorium Invoked From 7-22-95 To 7-22-2001 For Land Described Under Forest Practice Application # 1920537.

The Skagit County Department of Planning and Community Development has reviewed the above noted Forest Practice Application submitted to the Washington State Department of Natural Resources and has found that the six year moratorium applies.

All or a portion of the land encompassed under the above referenced Assessor's Parcel Number is subject to a County imposed development moratorium. This moratorium is applied to the land regardless of change in ownership.

The Forest Practice Application indicates that the subject property will not be converted to a non-forestry use. The County has informed the applicant of the consequences of their planned actions. Pursuant to the Forest Practices Act (RCW 76.09.060), Skagit County is exercising its' right to impose a six year moratorium on the issuance of any and all land use approvals involving the subject property.

Potential buyers of this property are advised to contact the Skagit County Department of Planning and Community Development for further information.
