The parties hereto hereby agree that the rights herein above granted shall be subject to the following terms and conditions:

1. This easement is conveyed for the purpose of construction, reconstruction, use and maintenance of the above described road for the purpose of moving specialized logging equipment, logging trucks or other equipment used for growing, harvesting, or managing timber on lands now owned by GRANTEE, as described in the attached "Exhibit C", which by this reference is hereby incorporated herein.
2. GRANTOR reserves for itself, its successors and assigns, the right at all times for any purpose, to cross and re-cross said road at any place on grade or otherwise, and to use said easement area in a manner that will not unreasonably interfere with the rights granted to the GRANTEE herein.
3. GRANTOR may grant to third parties, upon such terms as it chooses, any or all of the rights reserved by it herein; provided such use shall not unreasonably interfere with the rights granted to the GRANTEE.
4. The cost of road maintenance and resurfacing shall be allocated on the basis of respective uses of said road. When any party uses the road, that party shall perform or cause to be performed, or contribute or cause to be contributed, that share of maintenance and resurfacing occasioned by such use as hereinafter provided. During periods when the road is being used solely by one party, such party shall maintain that portion of said road so used to the standards existing at the time use is commenced. During periods when more than one party is using the road, or any portion thereof, the parties hereto shall meet and establish necessary maintenance provisions. Such provision shall include, but shall not be limited to:
 - a. The appointment of a maintainer, which may be one of the parties hereto or any third party, who will perform, or cause to be performed, at a reasonable and agreed upon rate, the maintenance and resurfacing of the road or the portion thereof being used; and
 - b. A method of payment by which each party, using said road or a portion thereof, shall pay its pro rata share of the cost incurred by said maintainer in maintaining or resurfacing said road or portion thereof.

For purposes of this agreement, *maintenance* is defined as the work normally necessary to preserve and keep the roadway, road structure and road facilities as nearly as possible in their present condition or as hereafter improved.

5. Each party using any portion of the road shall repair, or cause to be repaired, at its sole cost and expense, that damage to said road occasioned by it which is in excess of that which it would cause through normal and prudent usage of said road. Should inordinate damage to the road occur which is not caused by an authorized user of said road, the parties hereto shall meet to agree upon the cost of replacement, the party to undertake the replacement, and the shares of replacement cost to be borne by each user of said road. GRANTEE shall obey and comply with any laws and regulations concerning said road and exercise proper and prudent caution and care in the use thereof.
6. Unless the parties hereto agree in writing to share the cost of improvements in advance of such improvements being made, such improvements shall be solely for the account of the improver.
7. GRANTOR reserves to itself all timber now on or hereafter growing within the easement area.
8. The GRANTEE may permit its respective contractors, licensees, lessees, purchasers of timber or other valuable materials, and their agents, hereinafter individually referred to as "Permittee" and collectively referred to as "Permittees", to exercise the rights granted to it herein; provided, that when a Permittee plans to use any portion of said road for purpose of hauling timber or other valuable materials, such party shall notify GRANTOR at least fifteen (15) days prior to the commencement of use of said rights, advising of the portion of road to be used, the approximate dates, when such use will begin and end, and the approximate volumes of forest products or valuable materials to be hauled and forthwith upon the completion of such use notify GRANTOR.
9. GRANTEE and each of its Permittees, before using any of said roads for commercial purposes, shall:
 - a. Obtain and, during the term of such use, maintain a policy of liability insurance in form, substance and amount satisfactory to GRANTOR, insuring GRANTOR and said GRANTEE against liability arising out of its operations, including use of vehicles, and naming the GRANTOR and Olympic Resource Management, LLC. as additional insured.

10. GRANTEE may not assign its rights and obligations under this Easement without the prior written consent of GRANTOR; and any such permitted assignment shall provide that the assignee will assume all obligations of the GRANTEE from and after the effective date thereof. Consent to assign shall not be unreasonably withheld upon transfer of title of lands owned by GRANTEE.
