- 3.) The property is impacted by agricultural uses on adjacent and nearby property, and by odors associated with the Burlington Waste Water Treatment Plant located to the East off South Section Street, and odors associated with national Frozen Foods and Ocean Pacific Seafood waste water disposal on spray fields located to the South of the property off Anacortes Street. These odors may affect the use and enjoyment of the property. However, due to the need to maintain, and possibly expand the above named uses in their current location, in the public interest, the City of Burlington will not adopt or support regulatory measures affecting odors emitted from the Waste Water Treatment Plant or waste disposal spray fields which are more strict than those administered by Northwest Air Pollution Authority or the Department of Ecology. The purchaser of any parcel, developed or undeveloped, within the borders of this Plat assumes the risk and consequences of these impacts on themselves, their household members, any guest of the household living on the property, or renter of the property.
