EXCEPTIONS CONTINUED:

E. Notes contained on the face of the Binding Site Plan, as follows:

1. Railroad alignment shown on sheets 2 and 4 hereon shows a ten minute angle point along the Easterly railroad right of way line. Railroad alignment as shown on Burlington Hill Business Park, Binding Site Plan, filed in Volume 11 of Plats on pages 109-112, Skagit County records, Washington, shows the Westerly railroad right of way as one tangent. As-built location and plans information indicate probability that an angle point exists although other record information calls for one tangent.
2. The eighty foot drainage easement shown on sheets 2 and 3 hereon is subject to the following:
 - a.) Property that is lower than elevation 24.0 feet shall not be filled or developed to an elevation above 24.0 feet.
 - b.) Undeveloped property that is higher than elevation 24.0 feet shall not be developed at an elevation higher than existing grade.
 - c.) Property at and below elevation 24.0 feet is potentially subject to flooding during the 100 year storm rainfall event.
3. Development on all lots within Phase 11 of Burlington Hill Business Park shall be constructed so no top of storm structures is lower than elevation 24.0 feet. Storm systems within this project will be subjected to a detention elevation of 24.0 feet. On site biofiltration shall be provided within the development of Lots 1, 2, 3, 4, 15, 17 and 18, biofiltration shall conform to D.O.E. requirements and be approved by the City of Burlington.
4. This survey was performed in the field using a set 4A electronic distance measuring theodolite.
5. This survey has depicted existing fencelines in accordance with W.A.C. CH. 332.130. These occupational indicators may indicate a potential for unwritten title ownership. The legal resolution of ownership based upon unwritten title claims has not been resolved by this binding site plan.
6. Lester H. Gear Road right of way is shown as a 30 foot strip abutting the East-West center section line according to Skagit County records. A portion of this strip is occupied by that certain tract of land conveyed to Lester H. Gear by deed dated April 10, 1903 and recorded April 11, 1903 in Volume 49 of Deeds, page 589, under Auditor's File No. 3741.

EXCEPTIONS CONTINUED:

C. Easement contained on the face of the Binding Site Plan, as follows:

"An easement is hereby reserved for and granted to the City of Burlington, Public Utility District No. 1, Puget Sound Power and Light, G.T.E., Cascade Natural Gas Corp., and TCI Cablevision of Washington Inc. and their respective successors and assigns under and upon the exterior ten (10) feet of front boundary lines of all lots and tracts and other utility easements shown on the face of the binding site plan, in which to install, lay, construct, renew, operate, maintain and remove utility systems, line, fixtures and appurtenances attached thereto, for the purpose of providing utility services to the subdivision and other property. Together with the right to enter upon the lots and tracts at all times for the purposes stated, with the understanding that any grantee shall be responsible for all unnecessary damage it causes to any real property owner in the subdivision by the exercise of rights and privileges herein granted."

D. Water Pipeline provisions contained on the face of the Binding Site Plan, as follows:

"Easements are granted to Public Utility District No. 1 of Skagit County, Washington, a municipal corporation, its successors or assigns, the perpetual right, privilege and authority enabling the P.U.D. to do all things necessary or proper in the construction and maintenance of a water line, lines or related facilities, including the right to construct, operate, maintain, inspect, improve, remove, restore, alter, replace, relocate, connect to and locate at any time a pipe or pipes, line or lines or related facilities, along with necessary appurtenances for the transportation of water over, across, along, in and under the lands as shown on this plat. Together with the right of ingress to and egress from said lands across adjacent lands of the grantor. Also, the right to cut and/or trim all brush, timber, trees or other growth standing or growing upon the lands of the grantor which, in the opinion of the district, constitutes a menace or danger to said line or to persons or property by reason of proximity to the line. The grantor agrees that title to all timber, brush, trees other vegetation or debris trimmed, cut, and removed from the easement pursuant to this agreement is vested in the district."

Grantor, its heirs, successors, or assigns hereby conveys and agrees not to construct or permit to be constructed structures of any kind on the easement area without written approval of the general manager of the district. Grantor shall conduct its activities and all other activities on grantor's property so as not to interfere with, obstruct or endanger the usefulness of any improvements or other facilities, now or hereafter maintained upon the easement or in any way interfere with, obstruct or endanger the district's use of the easement."
