**DRINKING WATER SYSTEM STATUS REPORT**

I, the undersigned property owner, in making an application for a building permit involving a single-family residence acknowledge that this notice is being signed, notarized and recorded in compliance with Skagit County Code Section 12.48.270 in regards to a drinking water quality parameter that exceeds the maximum contaminant level but is treatable to below the maximum contaminant level.

1. I agree to record this notice with the Skagit County Auditor's Office for the purpose of it being made a part of the record of title.
2. I understand that this notice will appear on any title search or record search, and we have no objection nor will we make claims against Skagit County as a consequence of this recording.
3. The drinking water source for this residential building is located on P# 20642. The bacteriological testing for drinking water contamination with fecal coliform was positive. This drinking water source will be treated to yield drinking water without fecal coliform contamination via a SHE Series Ultraviolet Water Disinfection System device installed on the house well. Unsatisfactory post treatment bacteriological testing will require the installation of a chemical treatment system to provide a satisfactory post treatment bacteriological test result. The Health Officer recommends that property owners exercise caution in the use of this drinking water system by:
  - a. testing for fecal coliforms on a regular interval as recommended by the manufacturer or at a minimum annually, and
  - b. providing appropriate maintenance to the treatment unit as directed by the manufacturer.
4. Water systems with filed status reports will not be used for the creation of new lots.
5. Specific drinking water system information for this lot may be on file at the Skagit County Planning and Permit Center.

LEGAL DESCRIPTION SW NE 22-34-2

SITE ADDRESS: 9594 Flagstaff Lane, La Conner WA  
 PARCEL NUMBER: P#20642
