EXHIBIT 'A'

Property may be subject to the Skagit County Right to Farm Ordinance, Skagit County Code section 14.48, which states: If your real property is adjacent to property used for agriculture operations, you may be subject to inconvenience or discomfort arising from such operations, including but not limited to, noise, odors, fumes, dust, flies, and other associated pests, the operation of machinery of any kind during any 24-hour period, the storage and disposal of manure, and the application of fertilizers, soil amendments, and pesticides. Skagit County has determined that the use of real property for agricultural operations is a high priority and favored use to the county and will not consider to be a nuisance those inconveniences or discomforts arising from agricultural operations, if such operations are consistent with commonly accepted good management practices and comply with local, State and Federal laws.
