TOGETHER WITH a perpetual non-exclusive driveway easement, running with the land, for ingress, egress and utilities, over, under, along, and across the northwesterly portion of Lots 18 and 17, "CEDAR GLEN PLAT," filed under Skagit County Auditor's File No. 200202080084, as approved by the City of Anacortes on the 9th day of JANUARY, 2002, the easement premises being bounded by a dashed line labeled "DRIVEWAY EASEMENT" on page 1 of this Plat, and more particularly described in Exhibit "B" attached hereto; provided that all costs of permitting, construction, maintenance, repair, replacement, and mitigation of impacts due to exercise of said easement rights, shall be shared equally by the owners of Lots 16 and 17 on the following terms and conditions:

1. The dominant and servient tenement owners shall abide by local ordinances and state law and agree that prior to application for permits to improve the easement premises, the initiating party shall notify the joint easement holder in person or by mail of the proposed work at the address provided to the Skagit County Assessor for real estate tax notice.
2. Within thirty (30) days after notice of proposed work, the joint easement holder shall designate a construction agent and, if possible, adopt a budget for the work, including dollar amounts for labor, materials, fees, professional services, and a specification of how the proposed work will be paid for, including the date and dollar amount of contributions from each benefited party.
3. If the easement holders cannot agree to designate a construction agent and adopt a budget for easement work, then the party initiating the proposed work may proceed as default construction agent, but shall not be allowed to charge more than one-third (1/3) of the actual out of pocket payment for

labor, materials, fees and professional services actually paid by default construction agent.

4. Construction agent or default construction agent shall be individually responsible for the prosecution of the proposed work, payment of obligations and adherence to the budget, plans, specifications and permits for the work.
