

1.1 This Easement is intended to implement the goals of the Forest Practices Salmon Recovery Act, ESHB 2091, sections 501 through 504, chapter 4, Laws of 1999 ("Salmon Recovery Act"). The goals include avoiding the further erosion of the small forest landowners' economic viability and willingness or ability to keep the lands in forestry use which would reduce the amount of habitat available for salmon recovery and conservation of other aquatic resources, through the establishment of a forestry riparian easement program to acquire easements from small forest landowners along riparian and other areas of value to the state for protection of aquatic resources.

The parties may at any time by mutual agreement use any nonbinding alternative dispute resolution mechanism with a qualified third party acceptable to Grantor and Grantee. Grantor and Grantee shall share equally the costs charged by the third party. The existence of a dispute between the parties with respect to this Easement, including without limitation the belief by one party that the other party is in breach of its obligations hereunder, shall not excuse either party from continuing to fully perform its obligations under this Easement. The dispute resolution provided for in this subsection is optional, not obligatory, and shall not be required as a condition precedent to any remedies for enforcement of this Easement.

B9 ENFORCEMENT

B9.1 Remedies. Either party may bring any action in law or in equity in the superior court for the county in which the Easement Premises are located or in Thurston County (subject to venue change under law) to enforce any provision of this Easement, including without limitation, injunctive relief (permanent, temporary, or ex parte, as appropriate) to prohibit a breach of this Easement, enforce the rights and obligations of this Easement, restore Qualifying Timber cut or removed in violation of this Easement, or mitigate for damage to Riparian Functions or for damages. Grantee may elect to pursue some or all of the remedies provided herein.

B9.1.a Damages and Restoration. If Grantor cuts or removes (or causes another to cut or remove) Qualifying Timber from the Easement Premises in violation of this Easement, Grantee shall be entitled to damages, or restoration. Damages for the cutting of Qualifying Timber or the removal of Qualifying Timber from the Easement Premises in violation of the terms of this Easement may be up to triple stumpage value times the proportion of the original compensation. The maximum amount of damages shall be calculated according to the following formula:

$$\text{Maximum Damages} = 3 * S_v * (C/V_q)$$

Where:

S_v = The stumpage value of the Qualifying Timber that is cut or removed from the Easement Premises at the time the damage was done;

C = The compensation paid by the state to the Grantor at the time the Easement became effective;

V_q = The original value of Qualifying Timber at the time the Easement became effective as calculated in WAC 222-21-050.

In addition the Grantor shall pay interest on the amount of the damages at the maximum interest rate allowable by law.

Grantee's rights to damages under this section shall survive termination. Restoration of Qualifying Timber may include either replanting or replacing trees or both, as determined by Grantee, in its sole discretion, to be appropriate. Replanting shall be by nursery transplant seedlings approved by Grantee with subsequent silvicultural treatment including without limitation weed control and fertilization approved by Grantee. Replacing trees shall be accomplished by designation of replacement trees of the size and species acceptable to Grantee. If replacement trees are designated to replace the Qualifying Timber cut or removed in violation of the terms of this Easement, the designated trees shall be thereafter treated as Qualifying Timber under this Easement.

B9.1.b Injunctive Relief. Grantor agrees that Grantee's remedies at law for any violation of the terms of this Easement may be inadequate and that Grantee may be entitled to injunctive relief, both prohibitive and mandatory, in addition to other relief to which Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of providing either actual damages or the inadequacy of otherwise available legal remedies.

B9.1.c Relationship to Remedies in Other Laws. The remedies provided for in this section are in addition to whatever other remedies the state may have under other laws including without limitation the Forest Practices Act. Nothing in this Easement shall be construed to enlarge, diminish or otherwise alter the authority of the state to administer state law.

B9.2 Costs of Enforcement. The costs, including reasonable attorneys' fees, of enforcing this Easement shall be borne by Grantee unless Grantee prevails in a judicial action to enforce the terms of this Easement, in which case costs shall be borne by Grantor, provided that nothing herein shall make Grantor liable for costs incurred by Grantee in taking enforcement actions pursuant to other state laws.

B9.3 Forbearance/Waiver. Enforcement of this Easement against the Grantor is at the sole discretion of the Grantee, and vice versa. Any forbearance by either party to exercise its rights hereunder in the event of a breach by the other party shall not be deemed a waiver by the forbearing party of the term being breached or of a subsequent breach of that term or any other term or of any other of the forbearing party's rights under this Easement.

B9.4 Waiver of Certain Defenses. Grantor hereby waives any defense of laches, estoppel, or prescription.

B9.5 Acts Beyond Grantor's Control. Nothing herein shall be construed to entitle Grantee to bring any action or claim against Grantor on account of any change in the condition of the Easement Premises or of the Qualifying Timber that was not within Grantor's control, including without limitation fire, flood, storms, insect and disease outbreaks, earth movement, or acts of trespassers, that Grantor could not reasonably have anticipated and prevented, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Easement Premises or Qualifying Timber resulting from such causes. the event the terms of this Easement are violated by acts of trespassers that Grantor could not reasonably have anticipated or prevented, Grantor agrees, at Grantee's option, to join in any suit, to assign its right of action to Grantee, or to appoint Grantee its attorney in fact, for the purpose of pursuing enforcement action against the responsible parties.

B10 CONSTRUCTION AND INTERPRETATION

B10.1 Controlling Law. Interpretation and performance of this Easement shall be governed by the laws of the State of Washington.

B10.2 Liberal Construction. Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the grant to effect the purposes of this Easement. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the purposes of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid. The parties acknowledge that each has had an opportunity to have this Easement reviewed by an attorney and agree that the terms shall not be presumptively construed against either party.

B10.3 Captions. The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

B11 AMENDMENT

This Easement may be jointly amended. The amendments shall be in writing and signed by authorized representatives. Grantee shall record any such amendments in timely fashion in the official records of Skagit County, Washington. All amendments shall be consistent with the purposes of this Easement.

B12 TERMINATION

Grantee may unilaterally terminate this Easement if it determines, in its sole discretion, that termination is in the best interests of the State of Washington. Grantee shall provide thirty (30) days written notice to Grantor of such termination.

B13 EXTINGUISHMENT

If circumstances arise that render the purpose of this Easement impossible to accomplish, this Easement can only be terminated or extinguished, in whole or in part, by mutual agreement of the parties or through judicial proceedings brought by one of the parties. Grantee shall be entitled to the value of the Easement as such value is determined pursuant to forest practices rules governing extinguishments or eminent domain, if no rule for extinguishments exists.
