	Forest Practices application/notification will not be converted to an active
use incompatible with timber growing within six years after the approval date of the Forest Practices permitted in the Forest Practices	
application/notification.	

(3) I/we understand that applications/notifications are subject to the
reforestation requirements as described in RCW 76.09 and WAC Title 222, the
Forest Practices rules. I/we also understand that the reforestation requirements
shall not apply only if the land is, in fact, converted unless applicable alternatives
or limitations are provided in Forest Practices rules issued under RCW
76.09.070. I/we further understand that it is the obligation of the forest land owner
or the owner of perpetual rights to cut timber owned separately from the land to
ensure that such reforestation takes place. I/we understand that the obligation to
reforest shall become the obligation of the new owner if the land or perpetual
timber rights are sold or otherwise transferred.
(4) I/we understand that if I/we have declared that the land subject to
this forest practices application/notification will not be converted to an active use
incompatible with timber growing, that the land shall be subject to a six-year
moratorium which will preclude current and/or successor forest land owners from
obtaining development permits while the moratorium is in place. The moratorium
shall begin on the approval date of the forest practices application/notification.
I/we understand that this means that the county, city, town and/or regional
governmental entities shall deny any or all applications for permits or
approvals, including but not limited to building permits and subdivision
approvals, relating to nonforestry uses of the land subject to the
application/notification. The local governmental entity may lift the six-year
moratorium if it so chooses through a process, which shall include public
notification, and procedures for appeals and public hearings.
(5) I/we understand that the six-year moratorium shall be imposed for
applications/notifications, which include a Conversion Option Harvest Plan
approved by the local governmental entity if the forest practices are not
conducted in compliance with the approved forest practices permit.
(6) I/we understand that information regarding the forest practices
application/notification referred to in this Notice may be found at the Washington
State Department of Natural Resources, Region
Office, Sedro Worlley Washington.
(7) I/we certify and declare under penalty of perjury under the
laws of the state of Washington that the foregoing is true and correct.
