SERVICE AREA BOUNDARY REVISION AUTHORIZATION

In exchange for other consideration, the undersigned, owner of Lot 11, Plat of Avery Lane, does hereby agree, assent, and authorize the developer and owner of the Avery Lane Division No. 2 Water System, ID No. 081962, to amend the currently approved boundary of the water system service area by excluding Lot 11 from said service boundary and including Lot 13 as shown on the attached revised service area map.

The owner understands that by agreeing to this transfer of, Lot 11 will be without a water connection until another connection is approved by the State and County Health Departments. The developer has applied to have an additional connection approved for this water system which would provide for ten (10) total connections and include Lot 11 within the service area. This application is currently on hold pending submission of additional information.

In addition, the developer will also apply to have a tenth connection reinstated in the adjacent Division No. 1 water system ID No. 02013X, which will provide another option for an additional water connection within the Avery Lane developments. Upon receipt of a timely, completed application, the State and County have indicated that a determination can be made regarding this request by mid-January, 2006. If this occurs, another service area change will be made to restore the Division 2 water connection to Lot 11, and move the Lot 14 water connection to Division 1.

Dated this 7 day of December, 2005

James Eidson, Owner Lot 11

Consent:

Gael Rowland, Owner Lots 13 & 14

Gerri Rowland, Owner Lots 13 & 14
