DRINKING WATER SYSTEM STATUS REPORT

I, the undersigned property owner(s), in making an application for a building permit involving a single-family residence acknowledges that this notice is being signed, notarized and recorded in compliance with Skagit County Code Section 12.48.270 in regards to drinking water quantity.

1. I agree to record this notice with the Skagit County Auditor's Office for the purpose of it being made a part of the record of title.
2. I understand that this notice will appear on any title search or record search, and we have no objection nor will we make claims against Skagit County as a consequence of this recording.
3. The drinking water sources for these residential buildings are a rock drilled well one hundred and seven (107) feet deep and a bored fifteen (15) foot deep well with limited yields that may be insufficient for increased water use by any future activity or development. These wells are documented at a minimum of 469 gallons per day by Dahlman Pump and Drilling on 11-19-05.
4. Water systems with filed status reports will not be used for the creation of new lots.
5. Specific drinking water system information for this lot may be on file at the Skagit County Planning and Permit Center.
