RE: Lot of Record Certification PL05-0345, Lots 12, 13, & 14, Hamstroms  
Addition to Grassmere

Lot of Record Certification PL05-1115, Lots 10 & 11, Hamstroms Addition to  
Grassmere

Dear Mr. Rohweder:

This office has determined, based on the information submitted, that due to the configuration of the subject property, with a platted alley between Lots 12, 13 & 14 and Lots 10 and 11, it is possible to issue two Lot of Record Certifications. One Lot of Record Certification would be for Lots 12, 13 & 14 as a single parcel. The second Lot of Record Certification would be for Lots 10 & 11 as a single parcel.

However, it should be noted that the Lot of Record Certifications are limited to conveyance (sale) only and at this time do not include Certification for development (building permit, etc.) on either Lot of Record. The determination of Conveyance Only is based on review of Skagit County Code 14.16.850 as amended May 2005.

The property is located in the Urban Growth Area (UGA) to Concrete. The current minimum lot size in the UGA is five (5) acres. Due to the subject property being less than 5 acres in size, the property is considered substandard in size.

In order for residential development to occur it will be necessary to submit an application for and receive an approved Reasonable Use Certification. Enclosed please find a Reasonable Use Application. The fee for this application is \$ 316.00; this fee includes publishing costs and recording fees for the Reasonable Use Exemption Certificate.

If residential development is proposed for each of the "Lots of Record", it will be necessary to apply for a Reasonable Use Exemption on each "Lot of Record".

The basis for approving or denying a Reasonable Use Certification is the completed Lot Certification process. The primary criteria for approval of a Reasonable Use Certification is whether or not the Lot Certification indicates that there had been contiguous property ownership at any time since July 1990. It appears that there has not been contiguous property ownership since July 1990. However, Skagit County Code now requires processing of a Reasonable Use Application prior to residential development for a parcel less than the minimum lot size and not qualifying for any of the exemptions noted in the amended ordinance.

Even so, Skagit County Code now requires processing of a Reasonable Use Application prior to residential development for a parcel less than the minimum lot size and not qualifying for any of the exemptions noted in the amended ordinance.

The processing time of a Reasonable Use Application is approximately eight weeks. Included in the processing of the Application is notification of all adjacent property owners within 300 ft, as well as two separate notices advertised in the newspaper.

Enclosed please find the originals of all documents submitted; a Reasonable Use Exemption Application, a copy of the Lot Certification Ordinance and an unrecorded copy of each Lot Certification. The original of the Lot Certifications have been forwarded to the Skagit County Auditor's Office for recording. At such time as received by this office, the originals of the Lot Certifications and invoices for recording will be mailed.

If you have any questions, please feel free to contact this office.

Sincerely,
