DRINKING WATER SYSTEM STATUS REPORT

I, the undersigned property owner(s), in making an application for a building permit involving a single-family residence acknowledges that this notice is being signed, notarized and recorded in compliance with Skagit County Code Section 12.48.270 in regards to drinking water quantity.

1. I agree to record this notice with the Skagit County Auditor's Office for the purpose of it being made a part of the record of title.
2. I understand that this notice will appear on any title search or record search, and we have no objection nor will we make claims against Skagit County as a consequence of this recording.
3. The drinking water source for this residential building is a rock drilled well with a limited yield or pump rate that may be insufficient for increased water use by any future activity or development. Well APH 662 produced 368 gallons on June 11, 2007. 700 gallons is usually recommended for a residence and ADU. Accessory Dwelling Unit (ADU) shall not be allowed for rental purposes unless additional water quantity is provided per SCC 12.38.220.
4. Water systems with filed status reports will not be used for the creation of new lots.
5. Specific drinking water system information for this lot may be on file at the Skagit County Planning and Development Services Center. (WA07-0107)
