Plat/Subdivision Name: Samish River Park Division No. 1
Auditor's No: 703269

Said matters include but are not limited to the following:

1. The right to make all necessary slopes for cuts and fills, and the right to continue to drain said roads and ways over and across any lot or lots, where water might take a natural course, in the original reasonable grading of the roads and ways shown hereon.

Following original reasonable grading of roads and ways hereon, no drainage waters on any lot or lots shall be diverted or blocked from their natural course so as to discharge upon any public road right of way, or to hamper road drainage. Any enclosing of drainage waters in culverts or drains or re-routing thereof across any lot as may be undertaken by or for the owner of any lot, shall be done by and at the expense of such owner.

2. On Lots 1 through 18, building construction will be limited to the area lying between the drain field set back line and the 30' flood control easement line, unless a variance is granted by the County Health Department. On Lots 19 through 30, sewer disposal systems must have a 75 foot set back from the line of ordinary high water.

3. Tracts A and B are hereby dedicated to "Samish River Park, Inc.," a Washington Corporation. Uses and privileges of such Tracts are to be set forth in the restrictive covenants, to be made of record.

4. The 30' flood control easement line is also designated as a "Walking Easement", in order that the area lying between this line and the center of the Samish River may be used by the owners of all Lots within this Plat for walking and fishing privileges.

5. The ownership of all Lots and Tract extends to the center of the Samish River, subject to the easements and restrictions as set forth above.

6. Thirty-foot flood control easement typical on all waterfront lots. Skagit County shall not be responsible for any flood control improvements. There shall be no private roads constructed for access to County Road No. 3613.
