Dear Mr. Kuipers:

The determination for a Lot of Record is based on a review of the conveyance documents submitted, including, but not necessarily limited to: the legal description contained in each conveyance document; assessing when parcels came together; when parcels were separated; and what County regulations, if any, were in effect at the time of conveyance of any specific legal description.

This office has completed review of the Lot Certification Applications and based on information submitted the following determinations have been made:

It is indicated in Section 14.06.045(1)(b) Development:

....To be considered for development permits, the Lot of Record must either meet the minimum lot size requirements of the zoning district in which it is located, or, if the Lot of Record does not meet the minimum lot size requirements of the zoning district in which it is located (a "Substandard Lot of Record), it must meet one or more of the exemptions identified in SCC 14.16.850(4)(c).

It is indicated in Section 14.16.850(4)(e)(i) that only non-residential structures are allowed on substandard parcels located within the Agricultural-Natural Resource Land.
