RE: Lot of Record Certifications:

PL07-0952, P48597

PL07-1008, P48595

Dear Mr. & Mrs. Holcomb:

The determination for a Lot of Record is based on a review of the conveyance documents submitted, including, but not necessarily limited to: the legal description contained in each conveyance document; assessing when parcels came together; when parcels were separated; and what County regulations, if any, were in effect at the time of conveyance of any specific legal description.

This office has completed review of the Lot Certification Applications and based on information submitted the following determinations have been made:

Lot of Record Certification PL07-0952, Parcel P48597:

Lot Certification PL07-0952 is comprised of the legal description associated with Parcel P48597. The current zoning is Agricultural-Natural Resource Land. This zoning designation has a minimum lot size of 40 acres; the subject property is approximately 20 acres and thus considered substandard to the zoning designation.

It is indicated in Section 14.06.045(1)(b) Development:

....To be considered for development permits, the Lot of Record must either meet the minimum lot size requirements of the zoning district in which it is located, or, if the Lot of Record does not meet the minimum lot size requirements of the zoning district in which it is located (a "Substandard Lot of Record), it must meet one or more of the exemptions identified in SCC 14.16.850(4)(c).

It is indicated in Section 14.16.850(4)(e)(i) that only non-residential structures are allowed on substandard parcels located within the Agricultural-Natural Resource Land.
