RE: Lot of Record Certifications:

PL07-0869, Parcel P40827

PL07-1011, Parcels P40828 and P101668

Dear Ms. Raab:

The determination for a Lot of Record is based on a review of the conveyance documents submitted, including, but not necessarily limited to: the legal description contained in each conveyance document; assessing when parcels came together; when parcels were separated; and what County regulations, if any, were in effect at the time of conveyance of any specific legal description.

This office has completed review of the Lot Certification Applications and based on information submitted the following determinations have been made:

Lot of Record Certification PL07-0869, Parcel P40827:

Lot Certification PL07-0869 is comprised of the legal description associated with Parcel P40827. The current zoning is Rural Reserve. This zoning designation has a minimum lot size of 10 acres; the subject property is approximately 20 acres and therefore is considered eligible to be considered for development permits.

Lot of Record Certification PL07-1011, Parcels P40828 and P101668 as one parcel:

Lot Certification PL07-1011 is comprised of the legal description associated with Parcels P40828 and P101668 as a single unit. The current zoning is Rural Reserve and Secondary Forestry. P40828 is zoned Rural Reserve and is approximately 29 acres in size. As noted previously, Rural Reserve has a minimum lot size of 10 acres, thus P40828 is considered eligible for development permits.

Parcel P101668 is zoned Secondary Forestry and is approximately 15 acres in size. Secondary Forestry has a minimum lot size of 20 acres. Thus Parcel P101668 is considered substandard in

size to the Secondary Forestry zoning designation. However P101668 does comply with Skagit County Code Exemption 14.16.850(4)(c)(viii)(C) and therefore is considered eligible to be considered for development permits.

It should be noted that the Skagit County Code Section 14.18.700 was amended in October 2007 in regard to consideration for development of parcels with multiple zoning designations. At such time as development is considered for Parcels P40828 and 101668, it will be necessary to declare which zoning designation will be utilized and then the appropriate development standards will be applied. It will also be necessary to confine all development to the selected zoning designation/parcel. A land division will not be allowed on the zoning boundary line in order to create two parcels, as the attachment of P101668 to P40828 created by Nielson Brothers and Crown Pacific is considered a Boundary Line Adjustment and as a permanent attachment of the two Parcels.

Enclosed please find copies of the unrecorded Lot Certifications. The original Lot Certifications have been forwarded to the Skagit County Auditor's Office for recording. At such time as the originals are received by this office, the originals and invoices for additional applications and recording fees will be forwarded.

If you have any questions, please feel free to contact this office.

Sincerely,
