RE: Lot of Record Certification Applications:

PL08-0070, Parcel P21683
PL08-0173, Parcel P21750
PL08-0174, Parcels P21688 & 21689 as one parcel
PL08-0175, Parcel P21687
PL08-0176, Parcel P21805

Dear Mr. Lloyd:

The determination for a Lot of Record is based on a review of the conveyance documents submitted, including, but not necessarily limited to: the legal description contained in each conveyance document; assessing when parcels came together; when parcels were separated; and what County regulations, if any, were in effect at the time of conveyance of any specific legal description.

This office has completed review of the Lot Certification Applications and based on information submitted the following determinations have been made:

Lot of Record Certification PL08-0070, Parcel P21683:

This Lot of Record is comprised of the legal description associated with Parcel P21683. The subject property is approximately an acre in size and is currently vacant. The current zoning of this area is Rural Intermediate. The Rural Intermediate zoning designation has a minimum lot size of 2.5 acres. Thus, at one acre, the subject property is considered substandard to zoning. However, Section 14.16.850(4)(c)(viii)(A) provides an exemption for one acre tracts in Rural Intermediate to be considered eligible for residential development. Thus, Parcel P21683 is eligible for residential development.
