Except as may be otherwise set forth herein Grantee's rights shall be exercised upon that portion of the Property ("Easement Area" herein) described as follows:

A strip of land ten (10) feet in width with five (5) feet on each side of the centerline of grantee's facilities as now constructed, to be constructed, extended or relocated lying within the above described parcel – generally located along the west line of the above described Property. This easement description may be superseded at a later date with a surveyed description provided at no cost to Grantee.

1. Purpose. Grantee shall have the right to construct, operate, maintain, repair, replace, improve, remove, enlarge, and use the easement area for one or more utility systems for purposes of transmission, distribution and sale of electricity. Such systems may include, but are not limited to:

Underground facilities.
