Thank you for giving us the information it is necessary in the completion of your real estate transaction and will help to eliminate any delay caused by a lack of information. The facts you have provided will be considered confidential and not for public record.

THERE REALLY IS A REASON

We don't like to ask you to fill out this statement of information. We don't want you to think we are unnecessarily interested in your personal affairs. We are not. We have been asked to insure a title to real property in which you are interested, and if you will give us the information called for, it will help us do our job quickly and well.

The population of this area has increased substantially over the past few years. Please think for a moment how many have the same or similar names. In searching your title we will inevitably encounter judgments, bankruptcies, divorces and income-tax liens against persons with names similar to yours. Such matters cloud the title to your property unless eliminated by information showing you are not the person involved in these difficulties. You see, then, that we need to know something about you - and, on account of property laws, something about your wife, too, if you are married - so that we may promptly ignore all matters not directly affecting you or the property being searched.

All we are trying to say is that by filling out this form in full, you are helping us to give you the kind of service you would like to have.
