**A strip of land ten (10) feet in width with five (5) feet on each side of the centerline of grantee's facilities as now constructed, to be constructed, extended or relocated lying within the above described parcel.**

**1. Purpose.** Grantee shall have the right to use the Easement Area to construct, operate, maintain, repair, replace, improve, remove, and enlarge for one or more utility systems for purposes of transmission, distribution and sale of electricity. Such systems may include, but are not limited to:
