Except as may be otherwise set forth herein Grantee's rights shall be exercised upon that portion of the Property ("Easement Area" herein) described as follows:

A strip of land ten (10) feet in width with five (5) feet on each side of the centerline of grantee's facilities as now constructed, to be constructed, extended or relocated lying within the above described parcel – generally located adjacent to the North line of the above described Property.

1. **Purpose.** Grantee shall have the right to construct, operate, maintain, repair, replace, improve, remove, enlarge, and use the easement area for one or more utility systems for purposes of transmission, distribution and sale of electricity. Such systems may include, but are not limited to:

Underground facilities. 5. **Abandonment.** The rights herein granted shall continue until such time as Grantee ceases to use the Easement Area for a period of five (5) successive years, in which event, this easement shall terminate and all rights hereunder, and any improvements remaining in the Easement Area, shall revert to or otherwise become the property of Grantor; provided, however, that no abandonment shall be deemed to have occurred by reason of Grantee's failure to initially install its systems on the Easement Area within any period of time from the date hereof.

6. **Successors and Assigns.** Grantee shall have the right to assign, apportion or otherwise transfer any or all of its rights, benefits, privileges and interests arising in and under this easement.
