Tract P-1	16,953 sq. ft.	
Tract P-2	260,327 sq. ft.	
Tract T-1	4,077 sq. ft.	

P. In order to ensure adequate fall for side sewers, minimum finished floor elevations have been determined for each lot. Additionally, some lots will be required to install a back flow preventer on the sewer stub. Please see sanitary sewer record drawings submitted to the City in November 2006 by W&H Pacific.

21. Easement provisions on the face of said plat.

A. An easement is hereby reserved for and granted to the City of Mount Vernon, Public Utility District No. 1, Puget Sound Energy, Verizon Northwest, Cascade Natural Gas Corporation, and Comcast Corporation and their respective successors and assigns under and upon the exterior ten feet parallel with and adjoining the public street frontage of all lots and tracts, and as otherwise shown on the face of the plat, in which to install, lay, construct, renew, operate and maintain underground conduits, cable, pipeline and wires with the necessary facilities and other equipment for the purpose of service to this subdivision and other property with electric, telephone, gas, cable TV service and other utilities. Together with the right to enter upon the easements at all times for the purposes stated. Upon the dedication of any portion of this easement area as a public right-of-way, said portion of this easement shall automatically terminate and self-extinguish.

201411250119

## SCHEDULE "B"

### Exceptions (continued)

B. An easement is hereby reserved for and granted to the City of Mount Vernon under and upon the easements shown on this plat described as "Public Storm Drainage and Sanitary Sewer Easements" to install, maintain, replace, repair and operate storm drainage and sanitary sewer systems for this subdivision and other property, together with the right to enter upon said easements at all times for the purposes stated. Structures shall not be constructed upon any area reserved for these easements. Following any use, the City shall restore the easements as near as possible to the original condition. Upon the dedication of any portion of this easement area as a public right-of-way, said portion of this easement shall automatically terminate and self-extinguish.

C. An easement is hereby reserved for and granted to Public Utility District No. 1 of Skagit County under and upon Tract AU-1 to install, maintain, replace, repair and operate water systems, mains, and appurtenances for this subdivision and other property together with the right to enter upon said easement at all times for the purposes stated. Structures shall not be constructed upon any area within this easement. Following any use grantee shall restore the easement as near as possible to the original condition.

D. Easements for the purpose of conveying local storm water runoff are hereby granted in favor of all abutting lot owners in the areas designated as private drainage easements. The maintenance of private drainage easements established and granted herein shall be the responsibility of the lot owners of the benefiting private lots and their heirs, personal representatives and assigns. The City of Mount Vernon is hereby granted the right to enter said easements for emergency purposes at its own discretion.

All lots shall be subject to an easement 2.5 feet in width parallel with and abutting all interior lot lines and a minimum of 5.0 feet in width parallel with and abutting all rear lot lines for the purpose of private storm drainage. In the event lot lines are adjusted after the recording of the plat, the easement shall move with the adjusted lot lines. Maintenance of all private storm drainage easements on this plat shall be the responsibility of the lots deriving benefits from said easement. No structures other than fences or yard drains shall be constructed within these easements.

22. Native Growth Protectin Area information on the face of said plat as follows:

Dedication of a native growth protection area tract (NGPA) conveys to the public a beneficial interest in the land within the tract. This interest includes the preservation of existing vegetation for all purposes that benefit the public health, safety and welfare, including control of surface water and erosion, maintenance of slope stability, visual and aural buffering and protection of plant and animal habitat. The NGPA imposes upon all present and future owners and occupiers of the NGPA the obligation, enforceable on behalf of the public or the City of Mount Vernon, to leave undisturbed all tress and other vegetation within the tract. The vegetation within the tract may not be cut, pruned, covered by fill, removed or damaged without the express permission from the City of Mount Vernon, which permission must be obtained in writing. Before beginning and during the course of any grading, building construction or other development activity on a lot or development site subject to the NGPA, the common boundary between the NGPA and the area of development activity must be monumented.

23. Irrigation notes on the face of said plat as follows:

A. General contractor to provide:

- 1.) Notification for the installation of sleeving. Notice to irrigation contractor shall be a minimum of 48 hours prior to installation.
- 2.) All necessary field layouts to verify exact location of all required sleeves.
- 3.) Irrigation mainline sleeves shall be no more than 24 inches nor less than 18 inches from top of finish grade.
- 4.) Any changes and/or adjustments in sleeves, once installed, shall be done at the expense of the general contractor.
- 5.) Installation of 110 volt electrical services from electrical source to automatic controller, including wire hook-up into mounted controller (irrigation contractor will mount controller per design and coordinate with general contractor).
- 6.) Provide exempt water meter.
- 7.) Provide galvanized standard threaded stub-out with threaded cap on discharge side of meter. Stub-out to be installed approximately 18 inches below finished grade.

## SCHEDULE "B"

### Exceptions (continued)

- I. Pressure test all system joints, connections, couplings, valves, and all other junction points shall be left exposed until completion and acceptance by landscape architect.
- J. Provide owner with "as-built" drawings and operator's manual upon completion.
24. Planting Notes on the face of said plat as follows:
- A. Contractor shall be responsible for familiarizing themselves with all other site improvements and conditions prior to starting landscape work.
- B. Contractor shall use caution while excavating to avoid disturbing any utilities encountered. Contractor is to promptly advise owner of any disturbed utilities. (Location service phone: 1-800-424-5555.)
- C. Contractor shall maintain and water all plant material and provide four mowings of new lawn area until final inspection or upon acceptance by owner or owner's agent.
- D. Contractor shall be responsible for computing specific quantities of ground covers and plant materials utilizing on-center spacing for plants as stated on the landscape plan and minimum planting distances as specified below in these notes.
- E. Ground covers shall be planted in an equilateral triangular spacing pattern at the on-center distances shown on the plan or in the plant schedule. Where ground cover abuts curbing, sidewalks, signs or poles, minimum planting distances shall be 12" from center of plant to curb, sidewalk, etc. Minimum planting distance shall be 24" from center of trees.
- F. Contractor shall be responsible for providing the plant quantities that are represented by symbols on the drawings.
- G. Subgrade is to be within 1/10th of one foot as provided by others.
- H. New bed areas as shown on the plans, shall receive a minimum of 2" depth "3-way" topsoil and rototill to a minimum depth of 6". Then add an additional 4" depth of "3-way" topsoil to all new bed areas and 2" in lawn areas.
- I. All beds to receive a minimum of 3" shredded wood chip mulch.
- J. Contractor to give Mount Vernon Park Department minimum of 24 hours notice for inspection of plant material prior to installation. No girdling or "J" rooting of roots will be accepted.
- K. All plant material shall conform to AAN standards for nursery stock, latest edition. Any replacements made at one.
- 1.) General: All plant materials furnished shall be healthy representatives, typical of their species of variety and shall have a normal habit of growth. They shall be full, well-branched, well proportioned, and have a vigorous, well-developed root system. All plants shall be hardy under climatic conditions similar to those in the locality of the project.
- 2.) Trees, shrubs, and ground covers: Quantities species, and varieties, sizes and conditions as shown on the planting plan. Plants to be healthy, vigorous, well foliated when in leaf. Free of disease, injury, insects, decay, harmful defects, all weeds. No substitutions shall be made without written approval from landscape architect or owner. Landscape architect to approve all plant material prior to installation. Rejected material must be removed immediately.
- 3.) Notify landscape architect immediately if any plants are not available in size or species (425) 885-2319.
- L. Contractor to provide a one year warranty on all plant material
- Easement, including the terms and conditions thereof, granted by instrument(s);

## SKAGIT COUNTY RIGHT TO FARM ORDINANCE

If your real property is adjacent to property used for agricultural operations, or included within an area zoned for agricultural purposes, you may be subject to inconvenience or discomfort arising from such operations, including but not limited to, noise, odors, flies, fumes, dust, smoke, the operation of machinery of any kind during a twenty-four (24) hour period (including aircraft), the storage and disposal of manure, and the application by spraying or otherwise of chemical fertilizers, soil amendments, herbicides and pesticides. Skagit County has determined that the use of real property for agricultural operations is a high priority and favored use to the county and will not consider to be a nuisance those inconveniences or discomforts arising from agricultural operations, if such operations are consistent with commonly accepted good management practices and comply with local, State and Federal laws.
