O. SURVEYOR NOTES DISCLOSED ON FACE OF SHORT PLAT NO. PL 05-0224, AS FOLLOWS:

1.) All maintenance and construction of private roads are the responsibility of the lot owners and the responsibility of maintenance shall be in direct relationship to usage of road.

2.) Short Plat number and date of approval shall be included in all deeds and contracts.

3.) Comprehensive Plan/Zoning Designation – Agriculture-NRL & Rural Reserve;

4.) Sewage Disposal: Individual Septic Systems on Lot A only: Lots B, C, and D are Non- Residential lots

5.) Water: Water is supplied by an individual water system. Contact the Health Department to determine if additional water quality or quantity testing will be required for building permit approval. The 100' WPZ for individual water systems must be located entirely on the proposed lot owned in fee simple, or the owner must have the right to exercise complete sanitary control of the land through legal provisions, such as recorded covenants or easements. Wells on adjacent properties require setbacks that meet SCC 12.48.090.

6.) No building permit shall be issued for any residential and/or commercial structures which are not at the time of application determined to be within an officially designated boundary of a Skagit County Fire District.

7.) Change in location of access may necessitate a change of address. Contact Skagit County Planning and Development Services. A Skagit County address range has been applied to the road system in this subdivision. At the time of application for building and/or access, Skagit County GIS will assign individual addresses in accordance with the provisions of Skagit County Code 15.24.

8.) See drainage report on file with the Skagit County Planning & Development Services.

9.) See Variance No. PL 04-0551 dated January 10, 2005 and on file with the Skagit County Planning & Development Services.

10.) This parcel lies within an area or within 500 feet of an area designated as Natural Resource Lands (Agricultural Forest and Mineral Resource Lands of Long Term Commercial Significance) in Skagit County. A variety of natural resource land commercial activities occur or may occur in the area that may not be compatible with non-resource uses and may be inconvenient or cause discomfort to area residents. This may arise from the use of chemicals or from spraying, pruning, harvesting, or mineral extraction, with associated activities, which occasionally generates traffic, dust, smoke, noise, and odor. Skagit County has established natural resource management operations as a priority use on designated natural resource lands and area residents should be prepared to accept such incompatibilities, inconveniences, or discomfort from normal, necessary natural resource land operations when performed in compliance with best management practices and local, state and federal law. In the case of mineral lands, application might be made for mining-related activities, including extraction,

washing, crushing, stockpiling, blasting, transporting and recycling of minerals. In addition, greater setbacks than typical may be required from the resource area, consistent with SCC

14.16.810. Contact Skagit County Planning & Development Services for details.

11.) Future development within 200 feet of the Skagit River shall comply with Chapter 14.26 SCC (Shoreline Master Program) and Chapter 14.24 SCC (Critical Area Ordinance).

12.) Any future development shall comply with Chapter 14.34 SCC (Flood Damage Prevention). The property is located within the floodway of the Skagit River per (Firm 530151-0005 dated January 3, 1985)

13.) All runoff from impervious surfaces, roof drains shall be directed so as not to adversely affect adjacent properties.

P. Setback line(s) as delineated on the face of Short Plat No. PL 05-0224.

Q. Well Protection Zones as delineated on the face of Short Plat No. PL 05-0224.

R. Drainfield/Resource Area(s) as delineated on the face of Short Plat No. PL 05-0224.

S. Any change in the boundary or legal description of the real property, or title to the estate insured, that may arise due to the shifting and changing in the course of the River.

T. Any prohibition of or limitation or use, occupancy or improvement of the land resulting from the rights of the public or riparian owners to use any portion which is now, or has formerly been, covered by water.

U. Right to Manage Natural Resource Lands Disclosure, and the terms and conditions thereof, as disclosed by instrument recorded on March 15, 2016 under Auditor's File No. 201603150059. Reference is made to said document for full particulars.
