#### SKAGIT COUNTY RIGHT-TO-MANAGE NATURAL RESOURCE LANDS DISCLOSURE

©Copyright 2014 Northwest Multiple Listing Service ALL RIGHTS RESERVED

between Sport R Belis'  and North Pinelli Assis LLC  Select Concerning 7445 Windsong Lane Sedro Woolley WA 98284 (the "Property")  Address City Select County Right-to-Manage Natural Resource Lands Disclosure applies to parcels designated or within 17 mile of designated agricultural land or designated or within 174 mile of rural resource, forest or mineral resource lands of long-term commercial significance in Skagit County. A variety of Natural Resource Land commercial activities occur or may occur in the area that may not be compatible with non-resource uses and may be inconvenient or cause disconfort to area residents. This may arise from the use of chemicals; or from spraying, pruning, harvesting or mineral extraction with associated activities which occasionally generates traffic, dust, smoke, noise, and door. Skagit County has established natural resource management operations as a priority use on designated Natural Resource Lands, and area residents should be prepared to accept such incompatibilities, inconveniences or discomfort from normal, necessary Natural Resource Land operations when performed in compliance with Best Management Practices and local, State, and Pederal law.  In the case of mineral lands, application might, be made for mining-related activities including extraction, washing, crushing, stockpiling, blasting, fransporting and recycling of minerals. If you are adjacent to designated NR Lands, you will have setback requirements from designated NR Lands.  Seller and Buyer authorize and direct the Closing Agent to record this Discipsure with the Count Auditor's office in conjunction with the deed conveying the Property.  Buyer Date Seller Date	L _L	South D. Pallie				/# <b>D</b> + (
Buyer is aware that the Property may be subject to the Skagit County Right-to-Manage Natural Resource Lands Disclosure; Skagit County Code section 14.38, which states:  This disclosure applies to parcels designated or within 1 mile of designated agricultural land or designated or within 14 mile of rural resource, forest or mineral resource Lands of long-term commercial significance in Skagit County. A variety of Natural Resource Land commercial activities occur or may occur in the area that may not be compatible with non-resource uses and may be inconvenient or cause discomfort to area residents. This may arise from the use of chemicals; of from spraying, pruning, harvesting or mineral extraction with associated activities, which occasionally generates traffic, dust, smoke, noise, and odor. Skagit County has established natural resource management operations as a priority use on designated Natural Resource Lands, and area residents should be prepared to accept such incompatibilities, inconveniences or discomfort from normal, necessary Natural Resource Land operations which performed in compliance with Best Management Practices and local, State, and Federal law.  In the case of mineral lands, application might be made for mining-related activities including extraction, washing, crushing, stockpiling, blasting, transporting and recycling of minerals. If you are adjacent to designated NR Lands, you will have setback requirements from designated NR Lands.
