hereinafter called the "Granting Authority".

Whereas, the owner of the above described real property having made application for classification of that property under the provisions of Chapter 84.34 RCW. And whereas, both the owner and granting authority agree to limit the use of said property, recognizing that such land has substantial public value as open space and that the preservation of such land constitutes an important physical, social, esthetic, and economic asset to the public, and both parties agree that the classification of the property during the life of this agreement shall be for:

2. No structures shall be erected upon such land except those directly related to, and compatible with, the classified use of the land.
3. This agreement shall be effective commencing on the date the legislative body receives the signed agreement from the property owner and shall remain in effect until the property is withdrawn or removed from classification.
4. This agreement shall apply to the parcels of land described herein and shall be binding upon the heirs, successors and assignees of the parties hereto.

These removals will still be subject to the additional tax, interest, and penalty, or compensating tax.
6. After the effective date of this agreement, any change in use of the land, except through compliance with items (5), (7), (9), or (10), shall be considered a **breach** of this agreement, and shall be subject to removal of classification and liable for additional tax, interest, and penalty as provided in RCW 84.34.080 and RCW 84.34.108.
7. A **breach** of agreement shall not have occurred and the additional tax shall not be imposed if removal of classification resulted solely from:
