BOUNDARY LINE AGREEMENT

This Boundary Line Agreement (the Agreement) is between Skagit Land Trust (Land Trust) and Ansel Hyland (Hyland). The parties make this Agreement under RCW 58.04.007, permitting property owners to resolve uncertain or disputed property boundaries by entering into a written agreement establishing the location of a common boundary line. This Agreement takes effect upon recording.

I. Parties and Ownership.

1.1 Skagit Land Trust owns Parcel 31249 on Guemes Island, Skagit County, Washington, commonly known as Kelly's Point. The legal description for the Land Trust's property is attached as Exhibit A.

1.2 Ansel Hyland owns Parcels 31245 and 31248 on Guemes, Island, Skagit County Washington, commonly known as 7556 West Shore Drive, Anacortes, Washington. The legal description for the Hyland property is attached as Exhibit B.

1.3 The Land Trust's property and Hyland's property abut, sharing a common boundary. The eastern boundary for the Land Trust's parcel is the western boundary for Hyland's property.

II. Basis For Boundary Line Agreement.

2.1 On September 4, 1956, the Land Trust's predecessor in interest sold all of Government Lots 3 and 4 on Guemes Island "except all parts thereof lying within 400 feet of the tidelands fronting on said property." (Warranty Deed, AF 541013)

2.2 Because the point of measurement from the "tidelands" is ambiguous and undefined and because the elevation of the tidelands will vary based on sea level change, the legal description for the boundary between the parties' property is uncertain and variable. Due to the variability of the existing legal description and accompanying boundary, the parties wish to fix a boundary that will be permanently tied to an upland monument. Therefore the parties agree to a boundary that does not reference the tidelands, but rather to the monumented section lines.

2.3 Under RCW 58.04.007, property owners may agree to a fixed, surveyed boundary when an existing legal description is uncertain or in dispute. The parties agree that a boundary line agreement is appropriate and necessary to clarify and permanently fix their common boundary.

III. The Agreed Location For The Common Boundary.

3.1 The parties agree that the true boundary line between the Land Trust's parcel and Hyland's parcel will be as depicted in the attached map prepared by Lisser & Associates, PLLC. A copy of the map is attached as Exhibit E. The Land Trust will record a Record of Survey that contains the agreed boundary line.

3.2 The legal descriptions of the Land Trust's parcel and Hyland's parcel will be revised to incorporate the metes and bounds of the agreed boundary line as depicted on the map, Exhibit E. The revised legal description for the Land Trust's parcel is attached as Exhibit C. The revised legal description for the Hyland's parcel is attached as Exhibit D.

3.3 Each party waives any claim that the common boundary between their parcels is at a location different from that depicted on the map, Exhibit E.

3.4 The Land Trust conveys and quit claims to Hyland any interest the Land Trust has or may have had in the real property legally described in Exhibit D.

3.5 Hyland conveys and quit claims to the Land Trust any interest Hyland has or may have had in the real property legally described in Exhibit C.

IV. Terms And Conditions.

4.1 The parties intend this Agreement to be a covenant running with the land, and is binding on the parties, their heirs, successors and assigns.

4.2 The parties affirm that they have independently read this Agreement, understand its contents, have made a full investigation of the issues concerning the

boundary, and are not relying on any representation or statement made by the other concerning the boundary or related issues.

4.3 Each party is aware of the possible uncertainty regarding the true boundary location, and has elected to enter into this Agreement as means to forever settle any boundary line issues between their respective parcels.

4.4 The resulting boundary line will not create an additional parcel, nor will the resulting parcels be inconsistent with the performance standards with existing Skagit County Zoning regulations.

4.5 The resulting shared common boundary of the parcels does not remove or impinge upon any easements, covenants, restrictions, or encumbrances affecting any of the parcels consolidated.

4.6 The invalidity of any provision of this Agreement, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision.

4.7 This Agreement contains all agreements and understandings between the parties. There are no restrictions, promises, representations, warranties, covenants, or undertakings other than those expressly set forth or referred to in this Agreement. This Agreement supersedes any prior agreement or understanding between the parties regarding the common boundary.
