Recorded: August 20, 1998
Auditor's No.: 9808200071
Executed By: Summersun Greenhouse Co., a Washington corporation
As Follows:

"This boundary line adjustment description revises current ownership boundary lines of those parcels described in documents recorded under Auditor's File Nos. 8911300094, 878371, 8608040066, and 8705280072.

This boundary line adjustment is not for the purpose of creating an additional building lot. The property described above composes one undivided parcel. The division of the parcel into sections A, B, C, D, E within this deed is for clarity alone and does not imply that this property is actually five separate parcels.

The above lot line adjustment will create a parcel containing structures which do not comply with minimum setback requirements. The Grantee hereby agrees that any future construction requiring a building permit from the City of Mount Vernon, which is performed on structures deemed nonconforming with respect to minimum setback requirements as a result of this boundary line adjustment, shall require compliance with applicable minimum setback requirements or shall require a variance from the City of Mount Vernon prior to construction. For a structure that is subject to this paragraph, "compliance with minimum setback requirements" shall be defined as and require that new construction be restricted to that area which is a distance from the lot line equal to the sum of the following:

- 1.) The minimum setback requirements for the lot on which new construction is occurring; and
- 2.) The number of feet that a permanent, pre-existing structure on an adjoining lot encroaches
