Skagit Regional Airport has been identified in the Skagit County Comprehensive Plan as an Essential Public Facility pursuant to Chapter 36.70A RCW (Washington Growth Management Act). It is the policy of Skagit County to support the continued use of Skagit Regional Airport, including its future accommodation of both increased aircraft

traffic and utilization of aircraft of the class, size and category as is now or may hereafter be operationally compatible with the Skagit Regional Airport. The Port of Skagit County, which owns and operates Skagit Regional Airport, claims to have acquired through prescriptive avigation easements the right to operate Skagit Regional Airport with the attendant impacts of low flying aircraft over, near and upon those properties identified in Exhibit A attached hereto.

Skagit Regional Airport is an aviation facility and is depicted on the maps attached as Exhibits A, B and C. The property subject to this notice will routinely experience the effects of low flying aircraft. As a result, the subject property will experience aircraft noise, exhaust fumes, vibration, glare and invasion of quiet enjoyment resulting from propeller-driven and jet aircraft. The airport noise contours for the immediate vicinity of the Skagit Regional Airport have been identified for traffic volumes (Exhibit "B") and forecasted future traffic volumes (Exhibit "C"). The contours and the level of noise received by properties in the vicinity of Skagit Regional Airport will change in the future and impacts to property occupants may increase.

More specific information regarding airport operation and aircraft noise can be obtained by calling the Port of Skagit County, Skagit Regional Airport, Operations Office.
