WATER SYSTEM DISSOLUTION #AD365D

Gibson two-connect water system, AD365D, using drilled well BAA716 is an approved water system located on P17898 and also serving P131217. Drilled well BHK502 was drilled on P131217 in 2011. The two-connect water system AD365D is now dissolved. Drilled well BAA716 located on P17898 will only serve P17898 as an individual well. Drilled well BHK502 located on P131217 will only serve P131217 as an individual well. The Gibson two-connect water system AD365D is dissolved and may not be repurposed again as a two-connect public water system well. Both BAA716 and BHK502 may only be residential wells. Information on the dissolution of the Gibson Water System is on file at Planning and Development Services file WA11-0064. (See Exhibit "A")
