For and in consideration of One Dollar (\$1.00) and other valuable consideration in hand paid, Multiple Landowners of Swinomish Allotment 122-37 ("Landowners" herein) and PUGET SOUND ENERGY, INC., a Washington Corporation ("PSE" herein), hereby agree as follows:

PSE, for the purposes hereinafter set forth, and subject to and conditioned upon the terms hereinafter set forth, is authorized to construct and maintain an electric service line over, along, under, across and through the following described real property ("Property" herein) in Skagit County, Washington:

LOT 3 OF THE RAYMOND J. PAUL WATERFRONT TRACTS, RECORDED PLAT ON FILE WITH THE
BUREAU OF INDIAN AFFAIRS, GOVERNMENT LOT 3, SECTION 2, TOWNSHIP 34 NORTH, RANGE 2
EAST, WM. SKAGIT COUNTY, WASHINGTON.

Except as may be otherwise set forth herein PSE shall construct and maintain the electric service line upon that portion of the Property ("Service Line Agreement Area" herein) described as follows:

A strip of land ten (10) feet in width with five (5) feet on each side of the centerline of PSE's facilities as now constructed, to be constructed, extended or relocated lying within the above described parcel - the location, size and extent of which service line is shown on Exhibit "A" as hereto attached and by reference incorporated herein. This service line agreement description may be superseded at a later date with a surveyed description provided at no cost to PSE.

1. **Purpose.** PSE shall have the right to use the Service Line Agreement Area to construct, operate, maintain, repair, replace, improve, remove, and enlarge one or more utility systems for purposes of distribution and sale of electricity across the Property for the exclusive purpose of providing electrical service to the above described Property. Such systems may include, but are not limited to:

Underground facilities: Conduits, lines, cables, vaults, switches and transformers for electricity, fiber optic cable and other lines, cables and facilities for communications; semi-buried or ground-mounted facilities and pads, manholes, meters, attachments and any and all other facilities or appurtenances necessary or convenient to any or all of the foregoing, provided that PSE shall not allow use of any fiber optic cable except for operation, maintenance, and data acquisition with respect to PSE's electric facilities without the written consent of Landowners.

Following the initial construction of all or a portion of its systems, PSE may, from time to time, construct such additional lines as it may require for such systems. PSE will provide drawings to the Swinomish Land Management Department showing any such changes to the service line location. PSE shall have the right of access to the Service Line Agreement Area over and across the Property to enable PSE to exercise its rights hereunder. PSE shall compensate Landowners for any damage to the Property caused by the exercise of such right of access by PSE.

2. **Service Line Extension Area Clearing and Maintenance.** PSE shall have the right to cut, remove and dispose of any and all brush, trees or other vegetation in the Service Line Extension Area. PSE shall, prior to the exercise of such right, identify such trees and make a reasonable effort to give the Landowners prior notice that such trees will be cut, trimmed, removed or disposed of (except that PSE shall have no obligation to identify such trees or give the Landowners such prior notice when trees are cut, trimmed, removed or otherwise disposed of in response to emergency conditions). PSE shall obtain any necessary permits from the Landowners prior to removing any trees. PSE shall also have the right to control, on a continuing basis and by any prudent and reasonable means, the establishment and growth of brush, trees or other vegetation in the Service Line Extension Area.

3. **The Landowners' Use of Service Line Extension Area.** The Landowners reserve the right to use the Service Line Extension Area for any purpose not inconsistent with the rights herein granted and PSE agrees to not interfere with the use of the Service Line Extension Area by or under the authority of the Landowners for any purpose not inconsistent with the primary purpose for which the Service Line Extension is granted provided, however, the Landowners shall not construct or maintain any buildings, structures or other objects on the Service Line Extension Area.

4. PSE shall construct and maintain the service line extension in a workmanlike manner, shall obtain all necessary permits in connection with the construction, operation and maintenance of the service line extension (including any clearing or maintenance described in paragraphs 2 or 3 of this Agreement) and shall comply with all applicable Federal, Tribal and State laws.

5. PSE shall pay promptly all damages and compensation determined by a court of competent jurisdiction to be due the Landowners and any authorized users of the Service Line Extension Area on account of the survey, construction and maintenance of the service line extension.

6. PSE agrees to indemnify, defend and hold harmless the Landowners and authorized users of the Service Line Extension Area against any liability for loss of life, personal injury and property damage arising from the construction, maintenance, occupancy or use of the service line extension by PSE, its contractors, subcontractors and their respective employees and agents. Provided, however, that nothing herein shall require PSE to indemnify, defend, and hold the Landowners and authorized users harmless for any such liability attributable to the negligence of the Landowners or the negligence of others not specifically named in this paragraph.

7. PSE agrees to restore the Service Line Extension area as nearly as is possible to its original condition upon the completion of construction to the extent compatible with the purpose for which the Service Line Extension was granted, to dispose of all vegetative and other material cut, uprooted, or otherwise accumulated during the construction and maintenance of the Service Line Extension, and to repair such roads and other improvements as may be destroyed or injured by construction work.

8. PSE agrees that upon termination of the Service Line Extension agreement, PSE shall, so far as is reasonably possible, restore the Service Line Extension Area to its original condition.

9. **Abandonment.** The rights herein granted shall continue until such time as PSE ceases to use the Service line extension area for a period of two (2) successive years, in which event, this Service Line Extension Agreement shall terminate and all rights hereunder, and any improvements remaining in the Service Line Extension Area, shall revert to or otherwise become the property of the Landowners; provided, however, that no abandonment shall be deemed to have occurred by reason of PSE's failure to initially install its systems on the Service Line Extension Area within any period of time from the date hereof.

The Swinomish Indian Tribal Community specifically reserves its right to enact and enforce its laws with respect to all activity taking place or property located on, over or under the Service Line Extension Area herein granted, and to otherwise assert the full measure of its jurisdiction over the Service Line Extension Area without regard to whether the entity being regulated is a Tribal member, other Native American or non-Indian. This provision is an essential and indivisible part of this Service Line Extension Agreement. any severability clause in this agreement to the contrary notwithstanding; should this provision, at the request of the PSE, any agent, officer, official or employee of PSE, or any person or entity acting in concert with PSE, be struck down, ruled unenforceable or ineffective, or in any manner limited, this agreement shall be void and the Service Line Extension Agreement granted by this agreement shall immediately cease.

11. **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of successors and assigns of both parties.

12. **Subject to conditions of 25 CFR Part 169.**
