- As to any portion of said land now, formerly or in the future covered by water: Questions or 8. adverse claims related to (1) lateral boundaries of any tidelands or shorelands; (2) shifting in course, boundary or location of the body of water; (3) rights of the State of Washington if the body of water is or was navigable; and (4) public regulatory and recreational rights (including powers of the USA) or private riparian rights which limit or prohibit use of the land or water.
- City, county or local improvement district assessments, if any. 9.
- The property may be subject to the Skagit County Right-to-Manage Natural Resource Lands 10. Disclosure, Skagit County Code Section 14.38, which states:

"This disclosure applies to parcels designated or within 1 mile of designated agricultural land or designated or within 1/4 mile of rural resource, forest or mineral resource lands of long-term commercial significance in Skagit County. A variety of Natural Resource Land commercial activities occur or may occur in the area that may not be compatible with non-resource uses and may be inconvenient or cause discomfort to area residents. This may arise from the use of chemicals; or from spraying, pruning, harvesting or mineral extraction with associated activities, which occasionally generates traffic, dust, smoke, noise, and odor. Skagit County has established natural resource management operations as a priority use on designated Natural Resource Lands, and area residents should be prepared to accept such incompatibilities, inconveniences or discomfort from normal, necessary Natural Resource Land operations when performed in compliance with Best Management Practices and local, State, and Federal law.

In the case of mineral lands, application might be made for mining-related activities including extraction, washing, crushing, stockpiling, blasting, transporting and recycling of minerals. If you are adjacent to designated NR Lands, you will have setback requirements from designated NR Lands."
