10:00 a.m. Discussion - Purchase of Computerized Mapping System - Bob Lee, Assessor's Office.

MISCELLANEOUS ITEMS

The Skagit County Board of Commissioners met in regular session on Wednesday, January 29, 1986, with Commissioners Vaux, Walberg and Rohrer present.

DISCUSSION - PURCHASE OF COMPUTERIZED MAPPING SYSTEM - Bob Lee, Assessor's Office.

Gary Baker, of Concurrent Business Systems, introduced Bob Becker, also of Concurrent Business Systems. Mr. Baker explained the computer aided design (CAD) system.

Mike Woodmansee, Budget and Finance Director, explained that this proposal began with the need for the Assessor's Office to produce new maps. It was also determined that other departments, such as Planning and Public Works, could also benefit from such a computer mapping system.

Mr. Baker stated that following extensive research into CAD systems, he would recommend AutoCAD. He explained in detail how such a design system could be devised. Costs for this type of system would range from approximately \$90,000 to \$112,000.

Discussion followed regarding the proposed method of using a "camera" to photograph existing Assessor's maps. At a later date, the computerized maps could be cleaned up and changed, as necessary.

Mr. Woodmansee stated that at this point, it has been determined that this type of system does fall within the range of the County's funds. Revenue Sharing funds in the amount of \$50,000 and Public Works Department funds in the amount of \$50,000 have been made available for this project.

The Board thanked Mr. Baker for his presentation.
