

Plan Adoption

Early in the planning process, members of the Skagit Natural Hazards Mitigation Steering Committee met with the Board of Skagit County Commissioners, the Swinomish Indian Senate, Upper Skagit Tribal Council, and the Mayor of each municipality within the county to discuss the reasons and benefits for developing and adopting a multi-jurisdictional natural hazard mitigation plan.

Following these discussions, a Resolution for participating in a multi-jurisdiction natural hazard mitigation plan was prepared and presented for signature to each city/town council, the Swinomish Indian Senate, the Upper Skagit Tribal Council, the Board of Skagit County Commissioners, and Skagit County Dike District #12 via their regular agenda process.

Each of the above-referenced Indian Tribes and jurisdictions agreed to participate in the development of a multi-jurisdiction natural hazard mitigation plan by approving the resolution.
