

SKAGIT COUNTY FIRE DISTRICT #5

Critical Facilities:

Edison Station	approximate value: \$545,000
Allen Station	approximate value: \$534,000
Samish Island Station	approximate value: \$363,000

Equipment:

Edison Station Apparatus	approximate value: \$935,000
Allen Station Apparatus	approximate value: \$480,000
Samish Island Apparatus	approximate value: \$361,000

Value of Area Served: \$470,000,000

Outline of Area Served: Northwest corner of Skagit County. West of Pulver Road, north of Bayview and east of Puget Sound (Samish and Padilla Bays).

Current and Anticipated Service Trends: The district serves a community encompassing agricultural, residential, and light commercial uses and anticipates minimal growth and changes.

Natural Hazard Vulnerability Analysis Rating: The District is most vulnerable to the following natural hazards, ranked in order:

- | | |
|------------------|------------------|
| 1. Severe Storms | 4. Wildland Fire |
| 2. Flooding | 5. Earthquake |
| 3. Landslides | |

Natural Hazard Event History: During the 2003 – 2008 plan cycle, the district was inconvenienced but not impacted by several severe storms that caused power outages.

Natural Hazard Mitigation Accomplishments 2003 – 2008: As part of the original plan development, Skagit County Fire District #5 proposed only one mitigation measure ... the relocation of the Allen Station to mitigate flooding problems. In 2005, the district completed construction of the new Allen Station to complete this mitigation action.

Proposed Natural Hazard Mitigation Measures 2008 – 2013:

Mitigation Measure	Lead Agency	Funding Source	Time Line
Construct an auxiliary building to house emergency vehicles to better serve the northerly portion of the district.	Commissioners	District funding or Grant funding	Short Term
