

Septics 201 Online Training Checklist

- Complete Septics 101 class and quiz: <https://www.skagitcounty.net/forms/quizapp/>

- Watch the following videos from Washington State Department of Health's OSS Program
<https://www.doh.wa.gov/CommunityandEnvironment/WastewaterManagement/SepticSystem>
 - [Basics of Septic Systems, 101 Video \(OPTIONAL\)](#)
 - [Caring for Your Septic System](#)
 - [Do-It-Yourself Septic System Inspection Video](#)
 - [Hiring a Septic System Professional \(OPTIONAL\)](#)
 - [Septic Tank Lid Safety](#)
 - [Signs of Septic System Failure](#)
- Print the Department of Health Gravity Septic System inspection guide <https://www.doh.wa.gov/Portals/1/Documents/Pubs/337-122.pdf>. This handout provides step by step instructions for the system inspection in lieu of our traditional field classes.
- Read this Skagit County Septics 201 document in its entirety.
- Sign off each check box indicating you have completed that portion of the training.
- Sign and return this page to EH@co.skagit.wa.us or On-Site Sewage Program, 1800 Continental Place, Mount Vernon, WA 98273.

I, _____ (printed name) _____, have completed all components of public health's Septic 201 program as outlined above and agree to a site visit by a public health OSS staff person at a mutually agreeable time.

Date: _____ Property Address: _____ Signature: _____
