Septics 201 Online Training Checklist

- Complete Septics 101 class and quiz: <https://www.skagitcounty.net/forms/quizapp/>

- Watch the following videos from Washington State Department of Health's OSS Program
<https://doh.wa.gov/community-and-environment/wastewater-management/septic-system>

- [Caring for Your Septic System](#)
- [Do-It-Yourself Septic System Inspection Video](#)
- [Septic Tank Lid Safety](#)
- [Signs of Septic System Failure](#)
- [Basics of Septic Systems, 101 Video](#) (Optional)
- [Hiring a Septic System Professional](#) (Optional)

- Print the Department of Health Gravity Septic System inspection guide
<https://doh.wa.gov/sites/default/files/legacy/Documents/Pubs//337-122.pdf>. This handout provides step by step instruction for the system inspection in lieu of our traditional field class
- Read this Skagit County Septics 201 document in its entirety
- Sign off each check box indicating you have completed that portion of the training
- Sign and return this page to EH@co.skagit.wa.us or Skagit County Environmental Health, 301 Valley Mall Way, Suite 110, Mount Vernon, WA 98273

I, _____, have completed all components of Skagit County Public Health's Septic 201 Program as outlined above and agree to a site visit by a Public Health OSS staff person at a mutually agreeable time.
