

Waste Medicine Disposal in Skagit County

Avoid medicine accumulation. Make sure your doctor and pharmacist are only supplying you with medications you will use. Decline free samples unless you know it is the correct quantity of a medication you can use. Review your medicines frequently and remove those that will not be used.

Dispose of medicines correctly. NEVER put medicines down the drain. Deposit unused medicines in a law enforcement collection box if possible. Collection locations and types of medicines accepted:

Aerosol cans
Inhalers

If you cannot dispose of liquids or other medicines at a collection site please:

1. Take the medicines out of their original containers.
2. Mix with an undesirable absorbent substance, such as cat litter, oatmeal, or used coffee grounds.
3. Put the mixture into a disposable container with a lid, such as an empty margarine tub, or into a sealable bag.
4. Conceal or remove any personal information, including Rx number, on the empty containers by covering it with black permanent marker or duct tape, or by scratching it off.
5. Place the sealed container with the mixture, and the empty drug containers, in the trash.

If you have questions regarding sharps disposal or other hazardous waste disposal please contact the Skagit County Environmental Public Health Department at 416-1500 or visit our website at

www.skagitcounty.net/EH .
