Post CD Treatment Case Management

Post- Booking Diversion

(Identify incarcerated or charged individuals and divert to treatment asap)

CD Case Management

Mental Health Court

Drug Court

DUI Court

Possible diversion Idea we could implement-

1. Identify candidates in custody

2. Assess for need

3. Prepare treatment plan as alternative to incarceration with court approval. Individual would be released and Case Manager would work with court and treatment providers to ensure compliance with plan. If it was a District Court matter, probation could (maybe) help monitor.

Discharge/Transition Planning
