Subject: County's 2021 Docket of Proposed Policy

Categories: Comment

To whom it may concern,
I'm writing to express my support for proposal numbers:

LR20-05

LR20-06

and

LR20-08

As one of the residents affected by the current mining proposal, I have realized the importance of revisiting the zoning and public notice mailings for Mineral Resource Overlay. As many others in my residential neighborhood, I was not notified of the plans to mine Big Bear mountain though I am less than a mile from the site and would be heavily affected by the operation. As new residences have moved into the area in the last years, I believe it is time to think about updating the past zoning to reflect the current situation, keeping the well-being of our community members in mind

Thank you,

Sharon Rambo
