Proposal Description

The Growth Management Act provides that “each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation” (RCW 36.70A.130(1)(a)) and requires Skagit County to periodically accept petitions for amendments or revisions to our Comprehensive Plan policies, land use map, and development regulations. Skagit County implements this requirement through Skagit County Code Chapter (SCC) 14.08, which describes the process for annual amendments.

The 2022 docket consists of six petitions, one citizen-initiated and five staff-initiated, to amend the Skagit County Comprehensive Plan, Land Use and Zoning Map, and Development Regulations.

- LR22-01 Small Scale Recreation and Tourism Rezone: rezone four parcels, a total of 69.02 acres, from Rural Reserve to Small Scale Recreation and Tourism.

County initiated proposals:

- C22-1 Wind Turbine Use Amendment: add wind turbines as an allowed accessory use in the code for net metering purposes only.

- C22-2 Critical Areas Ordinance Correction: correct a reference in Skagit County Code 14.24.080(4)(c)(vi).
- C22-3 Guemes Island Overlay Side Setback Amendment: change the side setback requirements within the Guemes Island Overlay to keep the setbacks more consistent with other zones in the County.
- C22-4 Economic Development Plan Amendment: add a new goal to the Economic Development Chapter (Chapter 11) of the Skagit County Comprehensive Plan to ensure public facilities are eligible for state economic development grants.
- C22-5 Seawater Intrusion Areas Amendment: change the requirement for a County Hydrogeologist to review proposed new wells in a seawater intrusion area to instead allow for a licensed hydrogeologist employed or engaged with the County to perform the review.
