

# Planning Commission Work Session

## Skagit County Planning Commission to Hear from Planning Department and Public on 2016 Update Code Amendments

As part of its 2016 Comprehensive Plan Update, Skagit County is proposing to update some of the development regulations that implement the comprehensive plan. Some proposed code updates are included in the 2016 Update process to make Skagit County code more efficient and effective, while other amendments are required by state law.

The code amendments that are the focus of this work session are described in Attachment 2 to [Resolution R20140374](#) establishing the scope of the 2016 Update, and in this [Department staff report](#).
