- A. Special Use Permit application #PL16-0097 and Forest Practice Conversion application #PL16-0098**, submitted by Concrete Nor'West/Miles Sand & Gravel, to permit a proposed gravel mine/quarry on the subject property. The proposed gravel mine would remove approximately 4,280,000 cubic yards of gravel from three parcels (P125644, P125645, & P50155) over a period of approximately 25 years. To facilitate the proposed mining/quarry operation onsite, the applicant proposes to harvest approximately 50,000 board feet of timber on 68 acres, remove the stumps, and convert the parcels for the gravel mining. The proposed properties subject to the mining operation are located approximately 1.5 miles north of Grip Road and south/southwest of the Samish River, accessed from Grip Road on an existing private gravel haul road located approximately 0.70 miles east of the Prairie Road/Grip Road intersection, within a portion of the Southeast Quarter of Section 27; Township 36 North; Range 04 East; W.M. within unincorporated Skagit County, Washington.
