---

Good morning Ms. Scott,

Thank you for submitting an email (copied below) to PDS staff concerning the IF-NRL non-motorized trails proposal. Staff will present your comments to the Planning Commission this evening during the public hearing. You can follow the status of the project at the following website:  
<https://skagitcounty.net/Departments/PlanningAndPermit/nonmotorized.htm>.

Thanks again and don't hesitate to contact me if you have additional questions or concerns.

Sincerely,

**Stacie Pratschner, AICP**

**Subject:** Fw: Permitting of Non-motorized Trails in the Industrial Forest-Natural Resource Lands (IF-NRL) Zoning

On Sunday, July 30, 2017 2:32 PM, "[srsracing@frontier.com](mailto:srsracing@frontier.com)" <[srsracing@frontier.com](mailto:srsracing@frontier.com)> wrote:

I oppose the proposed changes to allow non-motorized trails (NMT) within Industrial Forest (IF) zones without County permits.

I am concerned about who will have ongoing record of where these trails are developed and will the current landowners have recourse if problems arise from the development of these trails.

I believe there should be at least some approval system and some oversight as to who is developing the trails, where they are being developed and who is doing the developing.

I respectfully request that consideration be given to permit both the trails and the trailheads.

Respectfully submitted,

Lori Scott
