

SKAGIT COUNTY
DETERMINATION OF NONSIGNIFICANCE (DNS)
FOR A RESOLUTION AMENDING RESOLUTION R20040211 RELATING TO
MONITORING AND ADAPTIVE MANAGEMENT OF CRITICAL AREAS IN
CONJUNCTION WITH SKAGIT COUNTY CODE (SCC) 14.24.120 (CRITICAL AREAS
ON LANDS IN ONGOING AGRICULTURE) IN RESPONSE TO THE WESTERN
WASHINGTON GROWTH MANAGEMENT HEARINGS BOARD'S COMPLIANCE
ORDER NO. 02-2-0012C.

DESCRIPTION OF PROPOSAL: A non-project legislative action to amend Resolution No. 20040211. Amendments are being proposed to keep the water quality and habitat monitoring requirements in the existing resolution consistent with changes to the Skagit County Code related to the establishment of a Salmon Heritage Program (SHP). The code amendments and the resolution establishing the SHP are non-project legislative actions addressed under separate SEPA determinations. Amendments to R20040211 would eliminate the current program of salmon habitat monitoring and associated adaptive management requirements because the SHP is implementing a program to acquire riparian buffers. The water quality monitoring program now found in R20040211 will continue but be focused more clearly on gathering information important for water quality trend analysis.

LOCATION OF PROPOSAL: Lands within unincorporated areas of Skagit County, WA that are either in or adjacent to lands zoned Agriculture-NRL and Rural Resource - NRL.

PROPONENT/LEAD AGENCY: Skagit County Planning & Development Services.
