For

Special Use Permit File #PL20-0031

Notice is hereby given that on August 27, 2020 the Skagit County Hearing Examiner approved Special Use Permit application #PL20-0031 to restore hydrologic connectivity of an approximate six acre seasonal wetland/pond in the Washington State Department of Fish & Wildlife (WDFW) Skagit Forks Management Unit. Wetland/pond connectivity will be restored by re-routing outflows from Britt Slough back into the pond/wetland and by improving the outlet channel to result in more frequent backwatering from the Skagit River. The project is located within the Agricultural – Natural Resource Lands (Ag-NRL) zoning/comprehensive plan designated area as indicated in the Skagit County Comprehensive Plan and associated maps adopted July 5, 2016 and as thereafter amended. The project site is located riverward of a dike operated by Dike District 3 that is west of Dike Road between Britt Road and Hickox Road, Mount Vernon, within a portion of Section 36, Township 34N, Range 3E W.M., situated within Skagit County, Washington (Parcels P128015 & P23220).
