Letters for the
Open Space -

Dear Commissioner,

Do you have to take our private property away from us? We love it very much and my Great Grandma lived on and owned the river for 60 years and she is very happy living here. So please don't take it away.

First, we would be very scared and uncomfortable with everyone in our "backyard". My sister and I won't be able to take bike rides without having to weave through a crowd of people! People might kidnap kids and it can be very dangerous!

Second, we won't be able to celebrate on special occasions. We won't be able to camp at the river for holidays. We won't be able to enjoy fishing with my Grampa either.

Finally, we won't be able to light fire works at the river. We won't be able to light huge fireworks for everyone to watch, so please don't take it. It is a big part of our lives. Do you really want to twist our lives upside down? Do you really have to take our whole lives away from us? Please say no

say you don't have to take our
lives away from us.

Truly,

Kaeleigh Marie
Jarrells

Please leave my land alone

Hi this is Bryan
Linman son of Wayne Logsdon. I hate
that you even thought of taking land
from us. There are several reasons. If you
would like to read it. First, I won't be
able to have parties on my land. It
would hurt me so bad if you took it from
me. I would not be able to get to the
dike and camp over at the river.
Second, I could get kidnapped. I could be
playing soccer and get kidnapped or people
could take stuff from our yard.

Signed, Bryan Linman.

NO Open Space Please

First, of all If you took the dike away we would be scared of stranger's taking us or other children. We won't be able to celebrate our celebration's and be able to play and take walk's without being scared and upset.

Next, you shouldn't take the dike away from us because then My friend's and I won't be able to camp any more and have fun without the dike. We would be upset and not have fun like we would if you did take the dike away from us.

Also, My great grama has lived on the dike area for 60 years and she would be Verry upset If you took the dike away from her and every-one els including my mom she grew up there and she loves it and I don't want my family to feel upset we all love the dike alot and we really want to keep it we would be missing a huge part of our life If you took it away from us we would love it also If you could help us to get people from coming on the dike without permision and we want them to stop trashing it and want you to stop trying to take it away from us.

Finally, I love my family and friend's and I don't want to see them upset so please please do not take it away from us or anyone els. Sincerely
