The Honorable Howard A. Miller
Chairman, Skagit County Commissioners
Skagit County Courthouse
Mount Vernon, Washington 98273

Dear Commissioner Miller:

We have reviewed Skagit County's Shoreline Management Master Program and want to express our appreciation to you, the Citizen Advisory and Technical Committee, your planning department and all others who participated to develop this excellent document. It is with great pleasure that I approve your program, the last among the coastal counties, for it is indeed an exceptionally well written program with an especially sensitive approach to the management of the aquatic areas. It shows that the people of Skagit County recognize the value of their shoreline resources and want to assure the protection of those resources as well as proper development in suitable locations.

The few minor concerns and suggestions for future improvements are summarized and discussed in our staff review comments.

We thank you again for your efforts and cooperation and wish you success in continued shoreline management.

Sincerely,

John A. Biggs
Director
