

# 10 THINGS YOU CAN DO TO HELP KEEP OUR WATERS HEALTHY!

1.) Use less fertilizer, pesticides, and herbicides!

2.) Keep vegetation and shorelines undisturbed!

3.) Use less water!  
(Keep it in the streams for fish.)

4.) Never pour chemicals down a storm drain!

5.) Pick up after your pets and keep them out of streams!

6.) Keep your septic systems in top working order!

(Attend Skagit County Septics 101 class)

7.) Dispose of unneeded medication in trash!

8.) Pick up litter! Much of it ends up in the water.

9.) Learn about water quality issues in your area!

10.) Use and encourage low-impact development practices!
